La Collezione

Le città più affascinanti oggi sono irrimediabilmente verticali. Organismi viventi che usano l'altezza per sopravvivere... La Collezione "Vertical Reflection" indaga la modernità verticale che incrocia la tradizione orizzontale; mode contro abitudini; il limite tra pubblico e personale. "Una Riflessione Verticale del viaggio dell'uomo alla ricerca del significato della vita. All'inizio il Colore: la superficie, le Domande. Poi la Forma: la Ricerca, l'Impegno, la Scelta. Quindi la Materia: le Risposte, le personali Certezze". Un gesto che incoraggia consapevolezza e ricerca dei limiti, patrimonio evolutivo dell'intera società, e tracciano il confine del cambiamento, definendo il senso della vita e dell'esistenza di ognuno di noi.

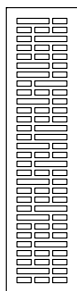

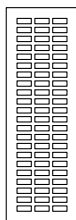

The Collection

The most exciting cities today are hopelessly vertical. Living creatures climbing great heights to survive... "Vertical Reflection" collection investigates vertical modernity meeting horizontal tradition, trends versus conventions, the boundary between private and public dimensions. "A Vertical Reflection of man's journey in search for the meaning of life. At first Colour – surface, questions. Then Shapes: research, commitment, choice. Then again Matter: answers, individual certainties". This artistic creation is an encouragement to reach awareness and test our limits, which represent the evolutionary heritage of society as a whole, trace the boundaries of change and disclose the future of mankind, defining the meaning of life and our own existence.
